Calgary, Alberta – April 28, 2016 (TSX: PMT) – Perpetual Energy Inc. ("**Perpetual**" or the "**Corporation**") is pleased to announce that it has swapped \$150 million aggregate principal amount of senior notes pursuant to the previously announced securities swap proposal whereby Perpetual offered to swap a portion of the Tourmaline Oil Corp. shares (the "**Tourmaline Shares**") owned by Perpetual (the "**Securities Swap Proposal**") on the basis of 21 Tourmaline Shares for each \$1,000 principal amount of the 8.75% senior notes due March 15, 2018 (the "**2018 Senior Notes**") and 20 Tourmaline Shares for each \$1,000 principal amount of the 8.75% senior notes due July 23, 2019 (the "**2019 Senior Notes**" and together with the 2018 Senior Notes, the "**Senior Notes**"). The \$150 million Senior Notes swapped include \$76.8 million of the 2018 Senior Notes and \$73.2 million of the 2019 Senior Notes for 3.1 million Tourmaline Shares owned by Perpetual.

Pursuant to the Securities Swap Proposal an aggregate of \$209.8 million principal amount of Senior Notes were tendered, consisting of \$112.1 million of 2018 Senior Notes (\$81.6 million of which are held by Perpetual's directors and officers and entities controlled by directors and officers) and \$97.7 million of 2019 Senior Notes (\$56.9 million of which are held by Perpetual's directors and officers and entities controlled by directors and officers). All Senior Notes tendered to the Securities Swap Proposal by non-insiders were swapped.

Including the swap of the \$150 million face value of Senior Notes described above, Perpetual is increasing the minimum swap amount to \$175 million and establishing a maximum swap amount of up to \$235 million aggregate principal amount of the issued and outstanding Senior Notes pursuant to the Securities Swap Proposal. In connection with this increase, and in an effort to allow for additional non-insider participation in the Securities Swap Proposal, Perpetual is extending the acceptance date for the Securities Swap Proposal to 5:00 p.m. (Toronto time) on May 10, 2016, or such later time and date on which the Securities Swap Proposal may be further extended by Perpetual.

Non-insiders of Perpetual will have a right of first acceptance or liquidity for an incremental amount of \$25 million of Senior Notes tendered (the "**Non-Insider First Liquidity Right**"). The Non-Insider First Liquidity Right allows for non-insider holders of Senior Notes to have their Senior Notes swapped in priority to those held by directors and officers and companies controlled by directors and officers. Once the Non-Insider First Liquidity Right is taken up, the remaining tendered Senior Notes will be taken up on a prorata basis.

Except for the increase to the minimum and maximum swap amount, the new acceptance date and the Non-Insider First Liquidity Right on an incremental amount of \$25 million of Senior Notes tendered, the terms and conditions of the Securities Swap Proposal continue to be applicable in all respects.

The Securities Swap Proposal was sent to holders of Senior Notes on April 14, 2016 and holders of Notes are urged to evaluate carefully all information regarding the Senior Notes and to consult their own investment, legal, tax and other professional advisors and to make their own decision whether to accept the Securities Swap Proposal.

BMO Capital Markets is acting as advisor to the Corporation in connection with the Securities Swap Proposal.
